### **DETAILED ACTION**

- Applicant's appeal brief filed on 4/13/2009 has been entered. Currently claims 1-20 are pending in this application.

### ***Allowable Subject Matter***

1. Claims 1-20 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Applicant's arguments, see pages 7-12, filed 4/13/2009, with respect to 35 U.S.C. 103(a) rejections of claims 1-20 have been fully considered and are persuasive. As pointed out by applicant, prior art of record single or in combination fails to teach or fairly suggest "receiving in a device an electronic list of events available from one or more sources, each event having a digital signature and an encrypted message associated therewith" wherein "the encrypted message comprising a descrambling key and event information including at least one of a channel identity, date and time stamp, event identity and payment amount corresponding to the selected event" recited in Claim 1. Dependent claims 2-14 are also allowed by virtue of their dependencies. Furthermore, as pointed out by applicant, prior art of record single or in combination fails to teach or fairly suggest "decrypting, in the smart card, the message using a private key of the smart card to obtain event information and a symmetric key, the smart card private key being stored within the smart card" recited in Claims 15 and 18. Dependent claims 16-17 and 19-20 are also allowed by virtue of their dependencies

Art Unit: 2435

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
